

School Wellness Policy Attributes
“Reporting of Policy”

District Name	BP/AR	Page #	Sentence
Alpine Union	BP 5030	H, I	<p><u>Monitoring.</u> The superintendent or designee will ensure compliance with established district-wide nutrition and physical activity wellness policies. In each school, the principal or designee will ensure compliance with those policies in his/her school and will report on the school's compliance to the school district superintendent or designee.</p> <p>The District Food Services Supervisor, as well as the Lead Food Services staff at various sites will ensure compliance with nutrition policies within school food service areas and will report on this matter to the superintendent or designee (or if done at the school level, to the school principal). In addition, the school district will report on the most recent USDA School Meals Initiative (SMI) review findings and any resulting changes.</p> <p>The superintendent or designee will develop a summary report at least every three years on district-wide compliance with the district's established nutrition and physical activity wellness policies, based on input from schools within the district. That report will be provided to the school board and also distributed to the district health council, parent/teacher organizations, school principals, and school health services personnel in the district.</p> <p><u>Policy Review.</u> To help with the initial development of the district's wellness policies, the superintendent or designee will conduct a baseline assessment of the schools' existing nutrition and physical activity environments and policies.¹³ The results of those school-by-school assessments will be compiled at the district level to identify and prioritize needs.</p> <p>Assessments will be repeated every three years to help review policy compliance, assess progress, and determine areas in need of improvement. As part of that review, the school district will review its nutrition and physical activity policies; provision of an environment that supports healthy eating and</p>

			physical activity; and nutrition and physical education policies and program elements. The district, and individual schools within the district, will, as necessary, revise the wellness policies and develop work plans to facilitate their implementation.
